## BOSCARECCI

### CONCERTATI

A Sei Voci, con aggiunta, se piace, di altre sei voci, che  
feruono per concerto, & per Ripieno doppio, per can-  
tare à più Chori; Con vna Messa similmente concer-  
tata, & con il Ripieno, d'un'altra simile à sei, già stam-  
pata; & con il Basso principale per sonar nell'Organo.

### DIGNATIO DONATI

Mastro di Capella nella Terra di Casalmaggiore;  
L'Auriga nella Academia de Filomeni.

*Dedicati Alli Molto illustri signori del Consiglio della  
medesima Terra.*

OPERA NONA.

IN VENETIA, Appresso Alessiandro Vincenti. 1623. H

MOLTO ILLVSTRI SIGNORI  
PADRONI MIEI COLENDISSIMI

**R**isendo l'honore segno, & dimostratione di opinione benefattiva, come dice il Filosofo nel primo della sua Rettorica; soggiungendo, quelli esser veramente degni di essere honorati, che sogliono far beneficio; era ben giusto che con l'opportuna occasione di dover pubblicare la presente Opera, tanto gradita dalle SS. VV. Molto Illustri nel sentirla cantare in queste loro Chiese, io procurassi insieme col dedicarla all'honoratissimo nome loro di manifestar al Mondo l'honore che le porto, & l'obligatione che le tengo; hauendomi con tanta benignità, & liberalità, degna dell'innata magnificenza, & nobiltà de' Casafaschi, già condotto con stipendio, & honorario publico per Maestro di Capella in questa loro nobilissima Terra. Alla quale parmi veramente, che non manchi di Città altro, che il nome. Poiché ha vn Popolo così numeroso, civile, nobile, & ricco; retto con gouerno tanto politico dal Consiglio di loro Signori Quaranta Decurimi; che rassembra vna perfetta Aristocrazia. Ha vn Clero in tanto numero, così ben disciplinato nelle virtù morali, & Clericali; ha tanti soggetti eminenti si nella professione di lettere, come di armi; ha Tépij così suntuosi, & edificiij così magnifici; che porta titolo delle più insigni Terre dello Stato di Milano. Ha tale, & tanto commercio di varie mercantie, per esser costeggiata dal Vasto fiume del Pò; che per il gran porto de' Nauigli, & gran traffico, che tiene, suol chiamarsi, Venetia Picciola. Onde molto conuenientemente vien denominata Casalmaggiore, non solo dal CAMPO MAGGIORE, già quini formato dall'Imperator Otone, suo primo fondatore contro l'Esercito di Vitellio; ma etiandio, perche con tante qualità civili, & qualificate prerogative si rende per se stessa MAGGIORE del nome di Terra, o di Castello. Oue tanto maggiormente mi pregio, & godo di essere stato condotto con tal carico, quanto che vi ho trouato la nobile, & florida Academia de' Filomeni, sì copiosa di soggetti eleuati; non meno atti a gratiosamente cantare, & sonare di varij stromenti; che a dottamente discorrere di belle lettere. Ma perche non intendo di voler qui stringer in picciol fascio le immense grandezze di CASALE assai MAGGIORE del proprio Nome; che per tanti rispetti si mostra concorrente, & emulo di Città non ordinarie; senza più bacio alle SS. VV. Molto Illustri le mani, & le supplico a compiacersi di gradire questa picciola dimostratione dell'honor grande, che le porto; mentre dal Signore le prego il vero honore del loro honorato gouerno.

Di Casalmaggiore a dì 3. d'Ottobre. 1623.

Delle SS. VV. Molto Illustri

Deuotissimo, & obligatissimo Seruitore

Ignatio Donati.

AVVERTIMENTI SPETTANTI ALLA PRESENTE OPERA.

**P**ersuasio (benigni Lettori) dà prieghi di chi può comandarmi a voler dare alla Stampa la presente Opera; chiamata da me, Salmi Boscarecci, pretendendo che seruano per le Feste minime; hò stimato necessario accompagnarle con alcuni auuertimenti per esser Opera grossa, & numerosa da potersi cantare con poche, & con molte parti in diuersi modi; ristretta però da me in dodici libri soli, oltre il Basso principale, per mia minor fatica, & per manco spesa di chi si compiacerà comprarla.

Prima dunque si potrà cantare a sei voci sole con li primi sei libri; ne si può tralasciare alcuna di queste sei parti, ma per penuria di Soprani si può cantare il primo Soprano in Tenore, discosto però alquanto dal Tenor principale. Et volendo seruirsene le Monache potranno cantare il Basso all'Ottava alto, che riuscirà vn Contralto.

Secondo gli altri sei libri, chiamati da me, Ripieno, contengono sei altre voci, che pur cantano in concerto; & sei istromenti, tre graui, & tre acuti. Potendosi seruire a beneplacito di tutte, o parte di queste voci, & istromenti aggiunti; che possono fare vn altro choro su la cantoria; raddoppiando, se piace, le voci che cantino nelli Ripieni solamente, oue dice tutti.

Terzo chi volesse far più chori si potrebbe metter su l'Organo il Canto, Alto, Sesto, & Basso de' primi sei libri. Il Tenor primo con gli istromenti graui per Secondo choro. Il Quinto con gli istromenti acuti per Terzo choro. Et hauendo più copie di questi libri si potranno anco aggiungere due altri chori, facendo vn choro con le tre parti & altri istromenti graui, & l'altro con tre altri istromenti acuti, & le sue tre voci; potendosi per necessità cantare questi due Soprani in Tenori, & raddoppiare le voci nelli Ripieni. Ouerò si potrà fare vn Choro solo con questi sei ultimi libri che seruira per quarto choro, & per ripieno. Rimettendomi al gusto, & al giuditio di chi si compiacera valersi di questa Opera.

Quarto volendosi seruire delli sei ultimi libri per le voci, & per gli istromenti insieme, auertasi che doue dice solo, hà da cantar solo il Cantore senza istromento; & doue dice Trombone, o Violino, hà da sonar solo l'istromento. Et doue dice Tutti; cantaranno, & sonaranno unitamente. Ma occorrendo, che vno di questi libri debba seruire per la voce sola, o per l'istromento solo; bisogna star auertito di cantare, o di sonare rispettuamente a suo loco, & tempo; come si fa, quando l'istesso libro serue unitamente per il Cantore, & per il sonatore; proferendo così pian piano la nota, che va tralasciata; & numerando le pause, per saper entrare a tempo debito.

Quinto nel Credo della Messa, quando si giunge al versetto (Et resurrexit) che è in tripola; se vi saranno li istromenti, la potranno sonar soli, che seruira per Sinfonia; & poi replicarla con le voci, & istromenti insieme. Et così anco nel Secôdo Ripieno aggiuntoui per l'altra mia Messa a 6. in concerto, ultimamente stampata con le mie Messe da Capella. Et nell'istesso modo potranno far la Sinfonia nel primo Magnificat al versetto (Suscepit Israel) Auertasi anco circa al sudetto Credo, che giunti al versetto (Et iterum A 4.) se vi saranno parti a proposito nel secondo choro, che lo cantino; per darli sodisfattione, tacerà nel primo choro il Basso, Tenore, & Alto; & canterà il Soprano del primo choro con le tre parti del secondo choro che vi hanno il detto versetto.

Sesto Il Sanctus, & l'Agnus Dei si sono posti così semplici, & breui alla Venetiana, per sbrigarsi presto, & dar loco al Concerto per l'Elevatione; & a qualche Sinfonia alla Communion. Et tanto mi basti d'hauer accennato alli discreti Cantori. Alli quali se per auuentura quest'Opera riuscirà di qualche gusto, forse appresso ne uscirà qualch'altra, per compiacere a chi gradisce anco le cose minime di chi non può dar cose maggiori. In tanto vi uete felici.
